	Field Lining - U12, U14, U16	
	Fields need to be lined between 4-7pm	
- Paint Machines are located at the Viola Shed. A lockbox at Viola is attached to the brown Knaack storage box by the baseball diamond.		
Our access is the second/back door on the building along the parking lot. Ask your coach for the lockbox code		
	- Monte Vista has 1 field. The machine	
handle can be folded down to fit it into a smaller car, though minivan		
or pickup make it easiest to take the paint machine from Viola to Monte Vista.		
- White paint cans are in white boxes in the Viola shed. There are two machines – use either.		
1. Shake the can before using. Can nozzle runs lengthwise - sideways for wider lines.		
2. Place can down on the side away from the hole, then slide it in from the side (with the nozzle running side to side (making the spray wider)		
3. Squeeze the handle to apply paint		
4. Look ahead instead of down in front of the machine for straighter lines.
